TRIAL SCHEDULING/DOCKET PROCEDURE

Upon the Court's receipt of a Notice of Trial (per Courtesy Copy Administrative Order), the Court will schedule a Case Management Conference.

At Case Management Conference the Court will coordinate a trial period. The parties cannot stipulate to a trial period to cancel CMC. The Court addresses cases upon "**age of case**" priority. As such your individual case may not be reached within the trial period. A hearing will address rescheduling.

Additionally – The website, as well as Case Management Conference Order has instruction as to telephonic (Court Call) appearances.
