

What is Early Childhood Court?

The goal of Marion County's Early Childhood Court (ECC) is to improve child safety and well-being, heal trauma, and develop a stronger parent/child relationship. The ECC program works with families who have children between the ages of 0-5 who have been removed from their homes.

What is Family Treatment Court?

The Marion County Family Treatment Court's main goal is to get parents reunited with their children. Every person working with parent- attorney, case manager, and even the magistrate/judge wants the parent to reunify with their children in a safe and healthy environment. To do this, the team members will work together to get the parent connected with the services and resources needed to give their children a safe home. This program is a partnership between the Courts, the Department of Children and Families, Guardian Ad Litem Program, Kids Central. Inc., defense attorneys, and other social service programs.

ECC & FTC Programs are voluntary. Your commitment is crucial to your success.

Benefits of ECC?

- Access to a Community Coordinator who assists with coordinating the right services.
- Increased visits with your child.
- Specialized family therapy sessions.
- Parenting education.
- Coaching to help you succeed.

Eligibility for Combined ECC/ FTC Program:

In the event there was an indication of drug involvement and/or drug problems were identified by a case manager, it may be in the best interest of a parent, their child(ren), and the State of Florida that the parent participates in the Family Treatment Court Program. The Program utilizes a 4-phase plan. The drug court staff is committed to support & assist throughout the reunification plan by connecting the parent with a treatment provider and resources available within the community. Our team monitors participation and movement through phases. Participants in the Program are encouraged to be accountable and can expect to receive incentives to acknowledge success/progress and therapeutic adjustments to address areas that need improvement.

Phase System

Phase I-III (minimum of 25 wks)

- Court appearances as determined by the court.
- Complete a Substance Use Assessment and follow treatment recommendations.
- Frequent and Random drug screens.
- Connect to peer supports for Recovery Capital Assessment, then one on one coaching and peer groups as recommended.
- Comply with any additional treatment as recommended by the treatment provider/team.
- Attend regular case management appointments as directed by the drug court staff.
- Work on completing conditions of case plan.

Treatment is offered through a local treatment provider. Funding may be available to assist with cost.

Phase IV (minimum of 4 weeks)

- Same as Phases I-III.
- Develop a Relapse Prevention Plan and Aftercare Plan.
- Must be consistently testing negative for 90 days prior to graduation.
